The Harvard University corporation has set aside \$100,000 to aid Belcome to Harvard to teach.

Essay on Shoos. Shoes come in pairs.

They go the same way except in the Horseshoes are signs of good luck except when planted in the middle of long since lost, no one knows how. one's person by the accompanying

In former times we wore shoes as seldom as possible. Our feet were about four stubs stub-

reality a puzzle to us. Certain In the gentle springtime when we stures fixed by the Greek sculptor first divorced the leaky winter boots im to us contortions, bordering on that had grown irksome the southern exposure of our farm feet was of about In June it resembled horn.

nothing on our hoofs.

rdination, and the secret has been The congress gatters (one of ours is and with it the ability thoroughly now on exhibition in the Smithsonian inderstand' Greek art.—New York Institution) had an elastic gore on each cheek.-Indianapolis Star.

Taught by Example.

Mrs. Mordecal Hammerfest turned pale as her husband entered the dining room for breakfast.

"Mordy," she gasped, "do you-don't you feel well?" "Perfectly," he replied in seeming

"But-but you are in your"-"Tell me something I don't know. Pass the butter, please."

She passed the butter, remarking nervously, "But, Mordy, dear, as you came in I saw you didn't have any shoes on." "Well, what of 22? Your hair is in

curi papers, isn't-11?" "Why-y-yes."

"And you have on a wrappen"
"Yes."

"Very well, then."

And he went on enting his brenkfast in silence except when he saked her to pass the butter. Then he went up-stairs and finished dressing, and the next morning and on succeeding mornings she reported for breakfast in your ular clothes.—Boston Journal.

Changing Matter. "Can the diamond be destroyed by intense heat?" asks a venden.

Yes. Any substance known can be vaporized in the fierce heat of the elecet, but only after seven others had a successively elected and had successively elected and had successively declined the honor. A story of by Arthur Stanwood Pier in "The should not have been used. Dismond is chemically pure carbon—that is, hump-black—and the same quantity still expersion's musical efforts were even a sppreciated.

Man is now able to destroy the form of all matter known to chemists that is, nging in the yard was a popular all matter known to chemists that is, matter disappears as matter, only to resolve back into its primordial elecbe fun, went to the singing master, trons. These are pure electricity, and nothing else exists. These man cannot create nor destroy. All that any human can create is a thought that had not been created before. But this is a theory, for all thoughts may be eternal. But here one must stop, for our minds cannot think of the meaning of the word eternal.-Edgar Lucien Larkin in New York American.

Burns' Cottage.

The Burns cottage at Ayr Is under the charge of trustees, who purchased ft in 1881 from the Ayr Shoemakers' nger man.

Look-a-yere, Misto Empire." Uncle
sh growled, "whaffor yo' give de that time been in use as a public
that time been in use as a public he done mo' beats 'n yo' license and after a time removed a hall and other extraneous buildings which had been added to the premises and restored the cottage buildings as nearly as possible to the state they may have been in in Burns' time. A new museum was built at the northeast corner of the grounds. Most of the relics were removed to the museum, which now contains a priceless collection-a first or Kilmarnock edition of the poet's work, for which fil-000 was paid, and Burns' family Bible, acquired at a cost of £1,700.-Losdon Answers.

Beef in Boston in 1740. A witter in the Yale Review, who notes that in 1740 heef could be bought in Boston at 12 cents a pound, seems to imply that that price was all it was worth, "hrverlably a steak for dinner was heralded by the vigorous pounding ght for the eyes and eyelids, one for with the potato masher wielded by the nose, eight for the lips, eight for stalwart arm of the cook." The mest, jaw, eleven for the tengue, eleven in fact, often came, he tells us, from the larynx, eleven for the ears, sev- the carcass of "a cow that no longer gave milk or a bull that had lost its

Glove Silver. Glove sliver was the strange name given to a custom which prevailed in England during the middle ages namely, the granting of a certain sum of money to servants to buy gloves with Because," he answered, "revenge is on Lammas day, or, as it is called now, et." Then she told him she thought bank holiday.—London Saturday Re

A Wistake Avoided. "I say, old chap, I'm in shocking inck. I want money badly and haven't the least idea where I can get it." "Well, I'm awfully glad to hear that I thought perhaps you had an idea that you could borrow from me."-Sydney Bulletin.

Unhappy Marriages. The reason why so few marriages are happy is because young ladies spend their time in making nets and not in making cages.-Jonathan Swift.

Not Musical. Boy's Mother (poking her head out of window)-Say, you kids stop picking on my Johnny. He sin't no mandelin -Boston Transcript.

Minds that are not improving are degenerating. Like a tree, when a mind ceases to grow it begins to die.

A personal representative of Kaiser the district around Richwood School, withelm laid a wreath on the coffin near Springfield, Mo. They steal of Gonzalo de Quesada, late Cuban chickens and pigs, and once chased a Minister to Germany, at his funeral in Berlin.

> A bill to regulate the sale of poi-Foreign Affairs Committee.

An officers' casualty list issued in London covering the period between gian professors driven from their land December 30 and January 12, shows by the war. Refugee educators will that in these 13 days the British army lost a total of 257 officers.
